# STUDY GUIDE

**Part One  
September - December 2023**

## Mission Statement

Brandeis National Committee (BNC) is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. BNC's membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, nonsectarianism and service to the community.

### OUR HISTORY

Founded in 1948, Brandeis University is the first Jewish-sponsored, nonsectarian university in the United States. Brandeis reached the pinnacle of American higher education by earning Phi Beta Kappa recognition in 13 years, the youngest university to be honored in this manner since the 18th century. The life of the mind is central to this institution. As a small, vigorous research university, Brandeis combines the education and teaching normally found at small selective colleges with superb facilities and renowned faculty usually found only at the largest research universities.

As one of the youngest and smallest of the research universities, Brandeis University has a remarkable record of accomplishment. The Rosenstiel Basic Medical Sciences Research Center's interdisciplinary approach to combating diseases has greatly expanded the scope of leukemia research, pinpointed an on/off switch in diphtheria and rendered more effective mammography machines. Research in the Volen Center's Memory and Cognition Lab focuses on how memory and mental processes change across the adult lifespan. The Hadassah-Brandeis Institute develops fresh ways of thinking about Jews and gender worldwide by producing and promoting scholarly research, artistic projects and public engagement.

The BNC is the largest friends-of-a-library group in the world, with 21,000 members and 37 chapters nationwide. Through fundraising ventures, we share the common goal of encouraging the growth of Brandeis University and its libraries, in addition to the Science for Life Center. Our strong leadership and membership enable us to be a highly successful chapter of the Brandeis National Committee. This year, our fundraising efforts will go toward the Legacy of Louis: Inspiring Inquiry campaign which will create two interactive additions to the library. One will provide a research archive on the lasting contributions of Louis Brandeis. The second will add a new Judaica reading room in the library.

# Register NOW

Sign up promptly for any programs that you would like to attend. We understand that life happens — unexpected doctors' appointments, babysitting requests, waiting for household repairs, etc. In the past, we could be more flexible and always offer the options of paying in advance or at the door for in-person programs. Currently, however, if we do not reach the minimum number of attendees required for a program, our contracts with venues and some speakers obligate us to cancel those programs at least two weeks before the event date to receive a full refund of our rental and/or speaker fees. Of course, if we meet our minimum, you will still be able to pay at the door or sign up for a Zoom program *up to a week* before a program, but you will need to check with the Registrar Gail Rto make sure the program is still being offered. Thank you for registering early!

Note that our in-person speakers can be changed to Zoom presentations if covid guidelines require it. Watch the Blast for updates!
